

DIRT IN STREET

MUST BE CLEANED UP SAYS JUDIE PURYEAR.

Warrant Issued for Violation of City Ordinance and Warning Given—The Docket.

Mike Gallagher engaged a negro teamster to haul some dirt and debris for him, instructing the driver to throw it over the fence. The rain Saturday prevented the negro from doing this and no lights were put out to warn the public of the danger. This morning Gallagher was cited for breach of ordinance.

"I am going to take some action in this matter," Judge Puryear stated. "There is too much of this street blockading going on in Paducah, and it has got to be stopped. I do not know whether Mr. Gallagher is really to blame for the dirt being in the street, but I do know that it is there and some one is responsible. I will render my decision tomorrow."

WOMEN DROWNED

But Men Escape in a Squall on Lake George.

Hulet's Landing, Lake George, N. Y., July 25.—Sophia and Corinne Piddian, of Brooklyn, were drowned yesterday while boating on the lake. The two women, accompanied by their brother, J. Piddian, and Stanley Lynch, started from this place in a light boat and rowed about a mile up the lake when the boat was capsized by a heavy squall and all were thrown into the water. The men clung to the boat and made a brave effort to rescue their companions. They were unable, however, to reach them and both women sank.

MANY CHILDREN

SICK WITH SUMMER COMPLAINT IN PADUCAH.

Over One Hundred Cases Existed a Few Weeks Ago—In Cities Condition Is Grave.

What appears to have been an epidemic of summer sickness among small children is just now subsiding in Paducah. At its crest the number of sick children in the city was variously estimated at from 100 to 200 cases. It is a malignant form of bowel trouble and is more prevalent in cities than in the country or smaller towns. Observations by local physicians show that the child is most susceptible to an attack in its second year.

In Chicago and other large cities, this sickness among children is a harder problem for the doctors than any other disease. It especially is severe in the congested tenement districts or anywhere that there is insufficient pure air. In fact, there is no antidote so good as a pure atmosphere.
